Reconsideration and allowance of the above-referenced application are respectfully requested. Claims 1-15 and 25-33 are pending in the application.

As described below in the Statement of Common Ownership, neither Bordonaro et al. nor U.S. Patent No. 6,996,225 are available as a reference under §103(c). Hence, this §103 rejection should be withdrawn. See MPEP §706.02(l) at pages 700-54 to 700-55 and 700-59 to 700-60 (Rev. 3, Aug. 2005).

STATEMENT OF COMMON OWNERSHIP:

At the time U.S. Patent Application Publication No. 2006/0078008 was filed on November 29, 2005 (claiming priority from U.S. Patent No. 6,996,225), both U.S. Patent Application Publication No. 2006/0078008 and the subject application 10/628,427 were owned by, or subject to an obligation of assignment to, the same entity (Cisco Technology, Inc. of San Jose, California).

It is believed the dependent claims are allowable in view of the foregoing.

In view of the above, it is believed this application is in condition for allowance, and such a Notice is respectfully solicited.
